

## Dual Specificity Protein Kinase CLK1 (CLK1) Antibody

Catalogue No.: abx013504

Western blot analysis of extracts from 293 cells, using CLK1 antibody.

Immunofluorescence analysis of HUVEC cells, using CLK1 antibody.

Rabbit polyclonal antibody against CLK1 protein. Immunogen region is Internal.

|                               |                                                                                                                                  |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Dual Specificity Protein Kinase CLK1 (CLK1)                                                                                      |
| <b>Clonality:</b>             | Polyclonal                                                                                                                       |
| <b>Reactivity:</b>            | Human, Mouse                                                                                                                     |
| <b>Tested Applications:</b>   | ELISA, WB, IF/ICC                                                                                                                |
| <b>Host:</b>                  | Rabbit                                                                                                                           |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/3000, IF/ICC: 1/100 - 1/500, ELISA: 1/1000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                     |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from internal of human CLK1.                                      |
| <b>Isotype:</b>               | IgG                                                                                                                              |
| <b>Form:</b>                  | Liquid                                                                                                                           |
| <b>Purification:</b>          | Purified from rabbit antiserum by affinity chromatography using epitope-specific immunogen.                                      |

# Datasheet

Version: 3.0.0

Revision date: 07 Jun 2025

**Storage:** Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.

**UniProt Primary AC:** P49759 ([UniProt](#), [ExPASy](#))

**KEGG:** hsa:1195

**String:** [9606.ENSP00000394734](#)

**Enzyme Commission Number:** EC 2.7.1.112, EC 2.7.12.1

**Buffer:** PBS (without  $Mg^{2+}$  and  $Ca^{2+}$ ), pH 7.4, 150 mM NaCl, 0.02% sodium azide, 50% glycerol.

**Concentration:** 1 mg/ml

**Note:** THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION.

For Reference Only
