

## Rho GTPase-Activating Protein 11A (ARHGAP11A) Antibody

Catalogue No.: abx014817

Western blot analysis of extracts from NIH/3T3 cells, using RHG11A antibody.

Rabbit polyclonal antibody against ARHGAP11A protein. Immunogen region is Internal.

|                               |                                                                                                            |
|-------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Rho GTPase-Activating Protein 11A (ARHGAP11A)                                                              |
| <b>Clonality:</b>             | Polyclonal                                                                                                 |
| <b>Reactivity:</b>            | Human                                                                                                      |
| <b>Tested Applications:</b>   | ELISA, WB                                                                                                  |
| <b>Host:</b>                  | Rabbit                                                                                                     |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/3000, ELISA: 1/40000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                               |
| <b>Immunogen:</b>             | The antiserum was produced against synthesized peptide derived from internal of human RHG11A.              |
| <b>Isotype:</b>               | IgG                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                     |
| <b>Purification:</b>          | Purified from rabbit antiserum by affinity chromatography using epitope-specific immunogen.                |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                             |
| <b>UniProt Primary AC:</b>    | Q6P4F7 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                |
| <b>Gene Symbol:</b>           | ARHGAP11A                                                                                                  |
| <b>GeneID:</b>                | <a href="#">9824</a>                                                                                       |

# Datasheet
