

Microplate Sealer

Catalogue No.: abx292001

Our microplate sealers are adhesive films for use with 96 well microplates. They are ideal for use with ELISA tests and feature a frustration free easy peel tab. Simply peel and stick to the plate to ensure wells are sealed to prevent evaporation during the incubation steps. This product is provided in a pack of 100 units. Each sealer measures 8 cm by 15 cm.

Buffer: Not applicable.
