

## Dimethylaniline Monooxygenase [N-Oxide-Forming] 4 (FMO4) Antibody

Catalogue No.: abx301932

FMO4 Antibody is a Rabbit Polyclonal against FMO4.

|                               |                                                                                                                 |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Dimethylaniline Monooxygenase [N-Oxide-Forming] 4 (FMO4)                                                        |
| <b>Clonality:</b>             | Polyclonal                                                                                                      |
| <b>Reactivity:</b>            | Human                                                                                                           |
| <b>Tested Applications:</b>   | ELISA, IHC, IF/ICC                                                                                              |
| <b>Host:</b>                  | Rabbit                                                                                                          |
| <b>Recommended dilutions:</b> | IHC: 1/20 - 1/200, IF/ICC: 1/50 - 1/200. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                    |
| <b>Immunogen:</b>             | Recombinant human Dimethylaniline monooxygenase [N-oxide-forming] 4 protein (1-300AA).                          |
| <b>Isotype:</b>               | IgG                                                                                                             |
| <b>Form:</b>                  | Liquid                                                                                                          |
