

## NADH Ubiquinone Oxidoreductase Subunit B6 (NDUFB6) Antibody

Catalogue No.: abx318291

NDUFB6 Antibody is a Rabbit Polyclonal against NDUFB6.

|                               |                                                                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | NADH Ubiquinone Oxidoreductase Subunit B6 (NDUFB6)                                                                                |
| <b>Clonality:</b>             | Polyclonal                                                                                                                        |
| <b>Reactivity:</b>            | Human, Mouse                                                                                                                      |
| <b>Tested Applications:</b>   | ELISA, WB, IHC, IP                                                                                                                |
| <b>Host:</b>                  | Rabbit                                                                                                                            |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/5000, IHC: 1/20 - 1/200, IP: 1/200 - 1/2000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                      |
| <b>Immunogen:</b>             | Recombinant human NADH dehydrogenase [ubiquinone] 1 beta subcomplex subunit 6 protein (2-67AA).                                   |
| <b>Isotype:</b>               | IgG                                                                                                                               |
| <b>Form:</b>                  | Liquid                                                                                                                            |
| <b>Purity:</b>                | > 95%                                                                                                                             |
| <b>Purification:</b>          | Purified by Protein G.                                                                                                            |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                    |
