

# Protein Phosphatase 2A Activator, Regulatory Subunit 4 (PPP2R4) Antibody (FITC)

Catalogue No.: abx306989

Fluorescence emission spectra of FITC.

PPP2R4 Antibody (FITC) is a Rabbit Polyclonal against PPP2R4 conjugated to FITC.

|-------------------------------|-----------------------------------------------------------------------------------------|
| <b>Target:</b>                | Protein Phosphatase 2A Activator, Regulatory Subunit 4 (PPP2R4)                         |
| <b>Clonality:</b>             | Polyclonal                                                                              |
| <b>Reactivity:</b>            | Human                                                                                   |
| <b>Host:</b>                  | Rabbit                                                                                  |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                  |
| <b>Conjugation:</b>           | FITC                                                                                    |
| <b>Excitation/Emission:</b>   | 499/515                                                                                 |
| <b>Laser Line:</b>            | 488                                                                                     |
| <b>Immunogen:</b>             | Recombinant human Serine/threonine-protein phosphatase 2A activator protein (1-250AA).  |
| <b>Isotype:</b>               | IgG                                                                                     |
| <b>Form:</b>                  | Liquid                                                                                  |
| <b>Purity:</b>                | > 95%                                                                                   |
| <b>Purification:</b>          | Purified by Protein G.                                                                  |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid exposure to light. Avoid repeated freeze/thaw cycles. |
