

## Ras Association Domain-Containing Protein 4 (RASSF4) Antibody

Catalogue No.: abx311573

RASSF4 Antibody is a Rabbit Polyclonal against RASSF4.

|                               |                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------|
| <b>Target:</b>                | Ras Association Domain-Containing Protein 4 (RASSF4)                              |
| <b>Clonality:</b>             | Polyclonal                                                                        |
| <b>Reactivity:</b>            | Human                                                                             |
| <b>Tested Applications:</b>   | ELISA                                                                             |
| <b>Host:</b>                  | Rabbit                                                                            |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.            |
| <b>Conjugation:</b>           | Unconjugated                                                                      |
| <b>Immunogen:</b>             | Recombinant human Ras association domain-containing protein 4 protein (65-180AA). |
| <b>Isotype:</b>               | IgG                                                                               |
| <b>Form:</b>                  | Liquid                                                                            |
| <b>Purity:</b>                | > 95%                                                                             |
| <b>Purification:</b>          | Purified by Protein G.                                                            |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                    |
