

## Sterile Alpha Motif Domain-Containing Protein 12 (SAMD12) Antibody

Catalogue No.: abx309923

SAMD12 Antibody is a Rabbit Polyclonal against SAMD12.

|                               |                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Sterile Alpha Motif Domain-Containing Protein 12 (SAMD12)                                 |
| <b>Clonality:</b>             | Polyclonal                                                                                |
| <b>Reactivity:</b>            | Human                                                                                     |
| <b>Tested Applications:</b>   | ELISA, IHC                                                                                |
| <b>Host:</b>                  | Rabbit                                                                                    |
| <b>Recommended dilutions:</b> | IHC: 1/20 - 1/200. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                              |
| <b>Immunogen:</b>             | Recombinant human Sterile alpha motif domain-containing protein 12 protein (1-201AA).     |
| <b>Isotype:</b>               | IgG                                                                                       |
| <b>Form:</b>                  | Liquid                                                                                    |
| <b>Purity:</b>                | > 95%                                                                                     |
| <b>Purification:</b>          | Purified by Protein G.                                                                    |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                            |
| <b>UniProt Primary AC:</b>    | Q8N8I0 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                               |
