

## Staphylococcal Complement Inhibitor (SCN) Antibody (HRP)

Catalogue No.: abx300322

Staphylococcal Complement Inhibitor (scn) Antibody (HRP) is a Rabbit Polyclonal against Staphylococcus aureus Staphylococcal Complement Inhibitor (scn) conjugated to HRP.

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Staphylococcal Complement Inhibitor (SCN)                                                                                                  |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Bacteria                                                                                                                                   |
| <b>Tested Applications:</b>   | ELISA                                                                                                                                      |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | HRP                                                                                                                                        |
| <b>Immunogen:</b>             | Recombinant Staphylococcus aureus Staphylococcal complement inhibitor protein (32-116 AA).                                                 |
| <b>Isotype:</b>               | IgG                                                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purity:</b>                | > 95%                                                                                                                                      |
| <b>Purification:</b>          | Purified by Protein G.                                                                                                                     |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid exposure to light. Avoid repeated freeze/thaw cycles.                                                    |
| <b>UniProt Primary AC:</b>    | Q99SU9 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                                |
| <b>Gene Symbol:</b>           | SCN                                                                                                                                        |
| <b>Buffer:</b>                | 0.01 M PBS, pH 7.4, 0.03% Proclin-300 and 50% Glycerol.                                                                                    |
| <b>Note:</b>                  | THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION. |
