

## Vacuolating Cytotoxin A (vacA) Antibody

Catalogue No.: abx300217

vacA Antibody is a Rabbit Polyclonal against vacA.

|                               |                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Vacuolating Cytotoxin A (vacA)                                                            |
| <b>Clonality:</b>             | Polyclonal                                                                                |
| <b>Reactivity:</b>            | Bacteria                                                                                  |
| <b>Tested Applications:</b>   | ELISA                                                                                     |
| <b>Host:</b>                  | Rabbit                                                                                    |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                    |
| <b>Conjugation:</b>           | Unconjugated                                                                              |
| <b>Immunogen:</b>             | Recombinant Helicobacter pylori Vacuolating cytotoxin autotransporter protein (37-245AA). |
| <b>Isotype:</b>               | IgG                                                                                       |
| <b>Form:</b>                  | Liquid                                                                                    |
| <b>Purity:</b>                | > 95%                                                                                     |
| <b>Purification:</b>          | Purified by Protein G.                                                                    |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                            |
| <b>UniProt Primary AC:</b>    | P55981 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                               |
| <b>Gene Symbol:</b>           | VACA                                                                                      |
| <b>GeneID:</b>                | <a href="#">899415</a>                                                                    |
