

## Transcription Factor Maf (MAF) Antibody

Catalogue No.: abx234929

WB analysis of A431 cells, using MAF antibody (1/500 dilution).

IHC-P analysis of human kidney tissue, using MAF Antibody (1/50 dilution).

IF analysis of A431 cells, using MAF antibody (1/50 dilution).

IP analysis of A431 cell lysate (2000 µg), using MAF antibody (4 µg , detection: 1/500 dilution).

MAF Antibody is a Rabbit Polyclonal against MAF.

**Target:** Transcription Factor Maf (MAF)

**Clonality:** Polyclonal

**Reactivity:** Human, Mouse, Rat

# Datasheet

Version: 3.0.0  
Revision date: 15 Sep 2025

|                               |                                                                                                                                                         |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Tested Applications:</b>   | ELISA, WB, IHC, IF/ICC, IP                                                                                                                              |
| <b>Host:</b>                  | Rabbit                                                                                                                                                  |
| <b>Recommended dilutions:</b> | WB: 1/200 - 1/2000, IHC: 1/20 - 1/200, IF/ICC: 1/50 - 1/500, IP: 1/200 - 1/2000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                                            |
| <b>Immunogen:</b>             | v-maf musculoaponeurotic fibrosarcoma oncogene homolog (avian)                                                                                          |
| <b>Isotype:</b>               | IgG                                                                                                                                                     |
| <b>Form:</b>                  | Liquid                                                                                                                                                  |
| <b>Purity:</b>                | ≥ 95% (SDS-PAGE)                                                                                                                                        |
| <b>Purification:</b>          | Purified by immunogen affinity chromatography.                                                                                                          |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                                          |
| <b>Validity:</b>              | 12 months.                                                                                                                                              |
