

Syntaxin-5 (STX5) Antibody

Catalogue No.:abx026691

STX5 mediates endoplasmic reticulum to Golgi transport (By similarity).

|                        |                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------|
| Target:                | Syntaxin-5 (STX5)                                                                                   |
| Clonality:             | Polyclonal                                                                                          |
| Reactivity:            | Human, Mouse                                                                                        |
| Tested Applications:   | ELISA, WB                                                                                           |
| Host:                  | Rabbit                                                                                              |
| Recommended dilutions: | WB: 1/1000. Optimal dilutions/concentrations should be determined by the end user.                  |
| Conjugation:           | Unconjugated                                                                                        |
| Immunogen:             | KLH-conjugated synthetic peptide between 180-209 amino acids from the Central region of human STX5. |
| Isotype:               | IgG                                                                                                 |
| Form:                  | Liquid                                                                                              |
| Purification:          | Purified through a protein A column, followed by peptide affinity purification.                     |

# Datasheet

Version: 2.0.0  
Revision date: 02 Oct 2025

**Storage:** Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.

**UniProt Primary AC:** Q13190 ([UniProt](#), [ExPASy](#))

**KEGG:** hsa:6811

**String:** [9606.ENSP00000294179](#)

**Molecular Weight:** Calculated MW: 39.7 kDa

**Buffer:** PBS containing 0.09% sodium azide.

**Specificity:** Predicted to react with Cow STX5.

**Note:** THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION.

For Reference Only
