

## ATP Binding Cassette Transporter A13 (ABCA13) Antibody

Catalogue No.: abx130546

Western blot analysis of recombinant Mouse ABCA13.

ABCA13 Antibody is a Rabbit Polyclonal against ABCA13.

|                               |                                                                                                                               |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | ATP Binding Cassette Transporter A13 (ABCA13)                                                                                 |
| <b>Clonality:</b>             | Polyclonal                                                                                                                    |
| <b>Reactivity:</b>            | Mouse                                                                                                                         |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                                                               |
| <b>Host:</b>                  | Rabbit                                                                                                                        |
| <b>Recommended dilutions:</b> | WB: 0.01-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                  |
| <b>Immunogen:</b>             | <a href="#">abx650402</a> - Recombinant ABCA13 (Met4692-Trp4931) expressed in E. coli                                         |
| <b>Form:</b>                  | Liquid                                                                                                                        |
| <b>Purification:</b>          | Purified by antigen-specific affinity chromatography, followed by Protein A affinity chromatography.                          |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                |
| <b>UniProt Primary AC:</b>    | Q5SSE9 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                   |
| <b>KEGG:</b>                  | mmu:268379                                                                                                                    |
