

## Zinc Finger Protein 768 (ZNF768) Antibody

Catalogue No.: abx036429

Rabbit Polyclonal against the ZNF768 protein.

|                               |                                                                                                                                          |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Zinc Finger Protein 768 (ZNF768)                                                                                                         |
| <b>Clonality:</b>             | Polyclonal                                                                                                                               |
| <b>Reactivity:</b>            | Human                                                                                                                                    |
| <b>Tested Applications:</b>   | ELISA, WB, IHC                                                                                                                           |
| <b>Host:</b>                  | Rabbit                                                                                                                                   |
| <b>Recommended dilutions:</b> | ELISA: 1/20000 - 1/80000, WB: 1/500 - 1/2000, IHC: 1/100 - 1/200. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                             |
| <b>Immunogen:</b>             | Recombinant fragment corresponding to 20-243 AA of human ZNF768.                                                                         |
| <b>Isotype:</b>               | IgG                                                                                                                                      |
| <b>Form:</b>                  | Lyophilized                                                                                                                              |
| <b>Purification:</b>          | Purified by antigen affinity column chromatography.                                                                                      |
| <b>Reconstitution:</b>        | Reconstitute in 100 µl of sterile distilled H <sub>2</sub> O with 50% glycerol.                                                          |
| <b>Storage:</b>               | Store at -20 °C. Avoid repeated freeze/thaw cycles.                                                                                      |
| <b>UniProt Primary AC:</b>    | Q9H5H4 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                              |
| <b>Gene Symbol:</b>           | ZNF768                                                                                                                                   |
| <b>GeneID:</b>                | <a href="#">79724</a>                                                                                                                    |
| <b>KEGG:</b>                  | hsa:79724                                                                                                                                |
| <b>Molecular Weight:</b>      | Observed MW: 60 kDa                                                                                                                      |
| <b>Buffer:</b>                | Prior to lyophilization: 1% BSA and 0.02% NaN <sub>3</sub> .                                                                             |

# Datasheet

Version: 4.0.0

Revision date: 22 Aug 2025

**Specificity:** Predicted to react with Mouse and Rat ZNF768.

**Concentration:** Lyophilized form: Not applicable.  
After reconstitution: 1 mg/ml.

**Note:** THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION.

For Reference Only
