# Datasheet

Version: 2.0.0  
Revision date: 01 Mar 2025

PYCARD Antibody is a Mouse Monoclonal against PYCARD.

|                        |                                                                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:                | PYD And CARD Domain Containing (PYCARD)                                                                                                                 |
| Clonality:             | Monoclonal                                                                                                                                              |
| Reactivity:            | Human                                                                                                                                                   |
| Tested Applications:   | ELISA, IHC, IF/ICC, FCM                                                                                                                                 |
| Host:                  | Mouse                                                                                                                                                   |
| Recommended dilutions: | ELISA: 1/10000, IHC: 1/200 - 1/1000, IF/ICC: 1/200 - 1/1000, FCM: 1/200 - 1/400. Optimal dilutions/concentrations should be determined by the end user. |
| Immunogen:             | Purified recombinant fragment of human PYCARD (AA: 1-120) expressed in E. coli.                                                                         |
| Isotype:               | IgG <sub>1</sub>                                                                                                                                        |
| Form:                  | Liquid                                                                                                                                                  |
| Purification:          | Purified from ascites by Protein G chromatography.                                                                                                      |
| Storage:               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                                          |
| UniProt Primary AC:    | Q9ULZ3 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                                             |

# Datasheet

**Gene Symbol:** PYCARD

**GeneID:** [29108](#)

**OMIM:** [606838](#)

**HGNC:** 16608

**Ensembl:** ENSG00000103490

**String:** [9606.ENSP00000247470](#)

**Molecular Weight:** 21.6 kDa

**Buffer:** PBS, containing 0.05% sodium azide.

**Concentration:** 1 mg/ml

**Note:** THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION.

For Reference Only
