

## Atrial Natriuretic Peptide (ANP) Antibody (Biotin)

Catalogue No.: abx271951

Atrial Natriuretic Peptide (ANP) Antibody (Biotin) is a Rabbit Polyclonal antibody conjugated to Biotin against Atrial Natriuretic Peptide (ANP).

|                               |                                                                                                                              |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Atrial Natriuretic Peptide (ANP)                                                                                             |
| <b>Research Area:</b>         | Endocrinology, Cardiovascular Biology, Hormone Metabolism                                                                    |
| <b>Clonality:</b>             | Polyclonal                                                                                                                   |
| <b>Reactivity:</b>            | Human                                                                                                                        |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                                                              |
| <b>Host:</b>                  | Rabbit                                                                                                                       |
| <b>Recommended dilutions:</b> | WB: 0.2-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Biotin                                                                                                                       |
| <b>Isotype:</b>               | IgG                                                                                                                          |
| <b>Form:</b>                  | Liquid                                                                                                                       |
| <b>Purification:</b>          | Purified by antigen-specific affinity chromatography.                                                                        |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                               |
