

## C4a Anaphylotoxin (C4A) Antibody (Biotin)

Catalogue No.: abx272777

C4a Anaphylotoxin (C4A) Antibody (Biotin) is a polyclonal antibody conjugated to Biotin against C4a Anaphylotoxin (C4A).

|                               |                                                                                                                              |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | C4a Anaphylotoxin (C4A)                                                                                                      |
| <b>Research Area:</b>         | Metabolic Pathways, Infection Immunity, Immunology                                                                           |
| <b>Clonality:</b>             | Polyclonal                                                                                                                   |
| <b>Reactivity:</b>            | Mouse                                                                                                                        |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                                                              |
| <b>Host:</b>                  | Rabbit                                                                                                                       |
| <b>Recommended dilutions:</b> | WB: 0.5-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Biotin                                                                                                                       |
| <b>Immunogen:</b>             | <a href="#">abx653024</a> - Recombinant C4a Anaphylotoxin Protein (Asn678-Arg753) expressed in E. coli.                      |
| <b>Isotype:</b>               | IgG                                                                                                                          |

# Datasheet

Version: 3.0.0

Revision date: 14 Jun 2025

**Buffer:** 0.01 M PBS, pH 7.4, containing 0.05% Proclin-300, 50% glycerol.

**Concentration:** 0.44 mg/ml

**Note:** THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION.

For Reference Only
