

## A Disintegrin And Metalloprotease 10 (ADAM10) Antibody

Catalogue No.: abx171026

This product is currently in development. The lead time for this product may be several months. Please contact us at [info@abbexa.com](mailto:info@abbexa.com) for an updated lead time before purchasing this product.

A Disintegrin And Metalloprotease 10 (ADAM10) Antibody is a Mouse Monoclonal antibody against A Disintegrin And Metalloprotease 10 (ADAM10).

|                               |                                                                                                                              |
|-------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | A Disintegrin And Metalloprotease 10 (ADAM10)                                                                                |
| <b>Research Area:</b>         | Enzymes and Kinases, Tumor Immunity, Infection Immunity, Cardiovascular Biology                                              |
| <b>Clonality:</b>             | Monoclonal                                                                                                                   |
| <b>Reactivity:</b>            | Rat                                                                                                                          |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC, IP                                                                                                          |
| <b>Host:</b>                  | Mouse                                                                                                                        |
| <b>Recommended dilutions:</b> | WB: 0.2-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                 |
| <b>Form:</b>                  | Liquid                                                                                                                       |
| <b>Purification:</b>          | Purified by Protein A and Protein G affinity chromatography.                                                                 |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                               |
