

## Protein Kinase C Gamma Type (PRKCG) Antibody

Catalogue No.: abx174264

Protein Kinase C Gamma Type (PRKCG) Antibody is a Mouse Monoclonal antibody against Protein Kinase C Gamma Type (PRKCG).

|                               |                                                                                                                               |

| <b>Target:</b>                | Protein Kinase C Gamma Type (PRKCG)                                                                                           |
| <b>Research Area:</b>         | Signal Transduction, Neuroscience                                                                                             |
| <b>Clonality:</b>             | Monoclonal                                                                                                                    |
| <b>Reactivity:</b>            | Rat                                                                                                                           |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                                                               |
| <b>Host:</b>                  | Mouse                                                                                                                         |
| <b>Recommended dilutions:</b> | WB: 0.01-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                  |
| <b>Form:</b>                  | Liquid                                                                                                                        |
| <b>Purification:</b>          | Purified by Protein A and Protein G affinity chromatography.                                                                  |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                |
