

## G Protein-Coupled Receptor Class C Group 5 Member D (GPRC5D) Antibody

Catalogue No.: abx325719

GPRC5D Antibody is a Rabbit Polyclonal against GPRC5D.

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | G Protein-Coupled Receptor Class C Group 5 Member D (GPRC5D)                                                                               |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Human, Mouse                                                                                                                               |
| <b>Tested Applications:</b>   | ELISA, WB, IF/ICC                                                                                                                          |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | ELISA: 1/5000, WB: 1/500 - 1/2000, IF/ICC: 1/200 - 1/1000. Optimal dilutions/concentrations should be determined by the end user.          |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                               |
| <b>Immunogen:</b>             | Synthesized peptide derived from the C-terminal region of human GPRC5D.                                                                    |
| <b>Isotype:</b>               | IgG                                                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purification:</b>          | Purified by affinity chromatography.                                                                                                       |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                             |
| <b>UniProt Primary AC:</b>    | Q9NZD1 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                                |
| <b>Gene Symbol:</b>           | GPRC5D                                                                                                                                     |
