

## Glutamate Metabotropic Receptor 2 (GRM2) Antibody

Catalogue No.: abx338882

GRM2 Antibody is a Rabbit Polyclonal against GRM2.

|                               |                                                                                                                  |
|-------------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Glutamate Metabotropic Receptor 2 (GRM2)                                                                         |
| <b>Clonality:</b>             | Polyclonal                                                                                                       |
| <b>Reactivity:</b>            | Human, Rat                                                                                                       |
| <b>Tested Applications:</b>   | ELISA, WB, IF/ICC                                                                                                |
| <b>Host:</b>                  | Rabbit                                                                                                           |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/5000, IF/ICC: 1/50 - 1/200. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                     |
| <b>Immunogen:</b>             | Recombinant Human Mid1-interacting protein 1 protein (1-183AA).                                                  |
| <b>Isotype:</b>               | IgG                                                                                                              |
| <b>Form:</b>                  | Liquid                                                                                                           |
