

## ST3 Beta-Galactoside Alpha-2,3-Sialyltransferase 4 (ST3GAL4) Antibody (Biotin)

Catalogue No.: abx335138

ST3GAL4 Antibody (Biotin) is a Rabbit Polyclonal against ST3GAL4.

|                               |                                                                                                                |
|-------------------------------|----------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | ST3 Beta-Galactoside Alpha-2,3-Sialyltransferase 4 (ST3GAL4)                                                   |
| <b>Clonality:</b>             | Polyclonal                                                                                                     |
| <b>Reactivity:</b>            | Human                                                                                                          |
| <b>Tested Applications:</b>   | ELISA                                                                                                          |
| <b>Host:</b>                  | Rabbit                                                                                                         |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                         |
| <b>Conjugation:</b>           | Biotin                                                                                                         |
| <b>Immunogen:</b>             | Recombinant Human CMP-N-acetylneuraminate-beta-galactosamide-alpha-2,3-sialyltransferase 4 protein (39-184AA). |
| <b>Isotype:</b>               | IgG                                                                                                            |
| <b>Form:</b>                  | Liquid                                                                                                         |
