

## Angiotensin-1 receptor Phospho-Tyr992 (TEK pY992) Antibody

Catalogue No.: abx325396

TEK (pY992) Antibody is a Rabbit Polyclonal against TEK (pY992).

|                               |                                                                                                            |
|-------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Angiotensin-1 receptor Phospho-Tyr992 (TEK pY992)                                                          |
| <b>Clonality:</b>             | Polyclonal                                                                                                 |
| <b>Target Modification:</b>   | Tyr992                                                                                                     |
| <b>Modification:</b>          | Phosphorylation                                                                                            |
| <b>Reactivity:</b>            | Human, Mouse                                                                                               |
| <b>Tested Applications:</b>   | ELISA, WB                                                                                                  |
| <b>Host:</b>                  | Rabbit                                                                                                     |
| <b>Recommended dilutions:</b> | ELISA: 1/10000, WB: 1/500 - 1/2000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                               |
| <b>Immunogen:</b>             | Synthesized peptide derived from human Tie-2 around the phosphorylation site of Y992.                      |
| <b>Isotype:</b>               | IgG                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                     |
| <b>Purification:</b>          | Purified by affinity chromatography.                                                                       |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                             |
