

## Potassium Inwardly Rectifying Channel Subfamily J, Member 5 (KCNJ5) Antibody (Biotin)

Catalogue No.: abx335747

KCNJ5 Antibody (Biotin) is a Rabbit Polyclonal against KCNJ5.

|                               |                                                                                                 |
|-------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Potassium Inwardly Rectifying Channel Subfamily J, Member 5 (KCNJ5)                             |
| <b>Clonality:</b>             | Polyclonal                                                                                      |
| <b>Reactivity:</b>            | Human                                                                                           |
| <b>Tested Applications:</b>   | ELISA                                                                                           |
| <b>Host:</b>                  | Rabbit                                                                                          |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                          |
| <b>Conjugation:</b>           | Biotin                                                                                          |
| <b>Immunogen:</b>             | Recombinant Human G protein-activated inward rectifier potassium channel 4 protein (348-419AA). |
| <b>Isotype:</b>               | IgG                                                                                             |
| <b>Form:</b>                  | Liquid                                                                                          |
| <b>Purity:</b>                | > 95%                                                                                           |
| <b>Purification:</b>          | Purified by Protein G.                                                                          |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid exposure to light. Avoid repeated freeze/thaw cycles.         |
