

## Ribosomal Protein S6 Kinase Alpha 5 (RPS6KA5) Antibody

Catalogue No.: abx326296

RPS6KA5 Antibody is a Rabbit Polyclonal against RPS6KA5.

|                               |                                                                                                                                |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Ribosomal Protein S6 Kinase Alpha 5 (RPS6KA5)                                                                                  |
| <b>Clonality:</b>             | Polyclonal                                                                                                                     |
| <b>Reactivity:</b>            | Human, Mouse, Monkey                                                                                                           |
| <b>Tested Applications:</b>   | ELISA, WB, IHC                                                                                                                 |
| <b>Host:</b>                  | Rabbit                                                                                                                         |
| <b>Recommended dilutions:</b> | ELISA: 1/10000, WB: 1/500 - 1/2000, IHC: 1/100 - 1/300. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                   |
| <b>Immunogen:</b>             | Synthesized peptide derived from human MSK1 around the non-phosphorylation site of S360.                                       |
| <b>Isotype:</b>               | IgG                                                                                                                            |
| <b>Form:</b>                  | Liquid                                                                                                                         |
| <b>Purification:</b>          | Purified by affinity chromatography.                                                                                           |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                 |
