

## Desmoyokin (AHNAK) Antibody (HRP)

Catalogue No.: abx336745

AHNAK Antibody (HRP) is a Rabbit Polyclonal against AHNAK.

|                               |                                                                                              |
|-------------------------------|----------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Desmoyokin (AHNAK)                                                                           |
| <b>Clonality:</b>             | Polyclonal                                                                                   |
| <b>Reactivity:</b>            | Human                                                                                        |
| <b>Tested Applications:</b>   | ELISA                                                                                        |
| <b>Host:</b>                  | Rabbit                                                                                       |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                       |
| <b>Conjugation:</b>           | HRP                                                                                          |
| <b>Immunogen:</b>             | Recombinant Human Neuroblast differentiation-associated protein AHNAK protein (5689-5801AA). |
| <b>Isotype:</b>               | IgG                                                                                          |
| <b>Form:</b>                  | Liquid                                                                                       |
