

## Protein Kinase C Theta Phospho-Ser695 (PRKCQ pS695) Antibody

Catalogue No.: abx333265

PRKCQ (pS695) Antibody is a Rabbit Polyclonal against PRKCQ (pS695).

|                               |                                                                                                               |
|-------------------------------|---------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Protein Kinase C Theta Phospho-Ser695 (PRKCQ pS695)                                                           |
| <b>Clonality:</b>             | Polyclonal                                                                                                    |
| <b>Target Modification:</b>   | Ser695                                                                                                        |
| <b>Modification:</b>          | Phosphorylation                                                                                               |
| <b>Reactivity:</b>            | Human, Mouse, Rat                                                                                             |
| <b>Tested Applications:</b>   | ELISA, WB, IHC                                                                                                |
| <b>Host:</b>                  | Rabbit                                                                                                        |
| <b>Recommended dilutions:</b> | WB: 1/500 - 1/1000, IHC: 1/50 - 1/100. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                  |
| <b>Immunogen:</b>             | Peptide sequence around phosphorylation site of serine 695 (N-F-S (p)-F-M) derived from Human PKCth.          |
| <b>Isotype:</b>               | IgG                                                                                                           |
| <b>Form:</b>                  | Liquid                                                                                                        |
| <b>Purification:</b>          | Purified by affinity chromatography.                                                                          |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                |
