

## Poliovirus Types 1/2/3 (PV1/PV2/PV3) Antibody

Catalogue No.: abx415763

Poliovirus Types 1/2/3 (PV1/PV2/PV3) Antibody is a Goat Polyclonal antibody against Poliovirus Types 1/2/3 (PV1/PV2/PV3).

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Poliovirus Types 1/2/3 (PV1/PV2/PV3)                                                                                                       |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Virus                                                                                                                                      |
| <b>Tested Applications:</b>   | ELISA, IF/ICC                                                                                                                              |
| <b>Host:</b>                  | Goat                                                                                                                                       |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                               |
| <b>Immunogen:</b>             | Pool of purified poliovirus (types 1-3)                                                                                                    |
| <b>Isotype:</b>               | IgG                                                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purification:</b>          | Purified                                                                                                                                   |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                             |
| <b>Buffer:</b>                | PBS, containing 0.1% sodium azide.                                                                                                         |
| <b>Specificity:</b>           | Detects poliovirus types 1, 2 and 3.                                                                                                       |
| <b>Concentration:</b>         | 5 mg/ml                                                                                                                                    |
| <b>Note:</b>                  | THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION. |
