

## Melanoma-Associated Antigen C3 (MAGEC3) Antibody

Catalogue No.: abx375443

Melanoma-Associated Antigen C3 (MAGEC3) Antibody is a Rabbit Polyclonal antibody against Melanoma-Associated Antigen C3 (MAGEC3).

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Melanoma-Associated Antigen C3 (MAGEC3)                                                                                                    |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Human                                                                                                                                      |
| <b>Tested Applications:</b>   | ELISA, WB                                                                                                                                  |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                               |
| <b>Immunogen:</b>             | Synthesized peptide derived from Human Melanoma-Associated Antigen C3 (60-140 AA)                                                          |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purification:</b>          | Purified by affinity chromatography using epitope-specific immunogen.                                                                      |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                             |
