

Dog Parvovirus Immunoglobulin G (PV IgG) ELISA Kit

Catalogue No.: abx159778

Dog Parvovirus Immunoglobulin G (PV IgG) ELISA Kit is an ELISA Kit against Dog Parvovirus Immunoglobulin G (PV IgG).

Target: Parvovirus Immunoglobulin G (PV IgG)

Research Area: Veterinary / Animal Health

Reactivity: Dog

Tested Applications: ELISA

Storage: Shipped at 4 °C. Upon receipt, store the kit according to the storage instruction in the kit's manual.

Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5% within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout.

Assay Data: Qualitative

Sample Type: Serum.

Note: THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES.

Please note that our kits are optimised for detection of native samples, rather than recombinant proteins. We are unable to guarantee detection of recombinant proteins, as they may have different sequences or tertiary structures to the native protein.
