

Human Clostridium difficile GDH and Toxin A/B Rapid Test Kit

Catalogue No.: abx472012

Human Clostridium difficile GDH and Toxin A/B Rapid Test Kit is a qualitative cassette-based colloidal gold-based lateral flow immunochromatographic assay for the detection of Clostridium difficile GDH and Toxin A/B.

Target: Clostridium difficile GDH and Toxin A/B

Reactivity: Human

Tested Applications: LF

Storage: Store at 2-30 °C.

Assay Data: Qualitative

Sample Type: Feces.

Note: THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES.

Please note that our kits are optimised for detection of native samples, rather than recombinant proteins. We are unable to guarantee detection of recombinant proteins, as they may have different sequences or tertiary structures to the native protein.
