

## SARS-CoV-2 Nucleoprotein Antibody

Catalogue No.: abx345512

Nucleoprotein (N) Antibody is a Rabbit Polyclonal antibody for the detection of Human Novel Coronavirus (SARS-CoV-2/ 2019-nCoV) N.

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | SARS-CoV-2 Nucleoprotein                                                                                                                   |
| <b>Research Area:</b>         | Infection Immunity                                                                                                                         |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Virus                                                                                                                                      |
| <b>Tested Applications:</b>   | ELISA                                                                                                                                      |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                               |
| <b>Immunogen:</b>             | Recombinant Human Novel Coronavirus Nucleoprotein (N) (1-419 AA)                                                                           |
| <b>Isotype:</b>               | IgG                                                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purity:</b>                | > 95%                                                                                                                                      |
| <b>Purification:</b>          | Purified by Protein G chromatography.                                                                                                      |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                             |
| <b>UniProt Primary AC:</b>    | P0DTC9 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                                |
| <b>GeneID:</b>                | <a href="#">43740575</a>                                                                                                                   |
| <b>Buffer:</b>                | 0.01 M PBS, pH 7.4, 0.03% Proclin-300 and 50% glycerol.                                                                                    |
| <b>Note:</b>                  | THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION. |
