

## Dual adapter for phosphotyrosine and 3-phosphotyrosine and 3-phosphoinositide (DAPP1) Antibody (FITC)

Catalogue No.: abx349679

Dual adapter for phosphotyrosine and 3-phosphotyrosine and 3-phosphoinositide (DAPP1) Antibody (FITC) is a Rabbit Polyclonal antibody conjugated to FITC for the detection of Human DAPP1.

|                               |                                                                                                                    |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Dual adapter for phosphotyrosine and 3-phosphotyrosine and 3-phosphoinositide (DAPP1)                              |
| <b>Clonality:</b>             | Polyclonal                                                                                                         |
| <b>Reactivity:</b>            | Human                                                                                                              |
| <b>Host:</b>                  | Rabbit                                                                                                             |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                             |
| <b>Conjugation:</b>           | FITC                                                                                                               |
| <b>Excitation/Emission:</b>   | 499/515                                                                                                            |
| <b>Laser Line:</b>            | 488                                                                                                                |
| <b>Immunogen:</b>             | Recombinant Human Dual adapter for phosphotyrosine and 3-phosphotyrosine and 3-phosphoinositide protein (1-280 AA) |
| <b>Isotype:</b>               | IgG                                                                                                                |
| <b>Form:</b>                  | Liquid                                                                                                             |
| <b>Purity:</b>                | > 95%                                                                                                              |
| <b>Purification:</b>          | Purified by Protein G chromatography.                                                                              |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                     |
