

## CUB domain-containing protein 1 (CDCP1) Antibody

Catalogue No.: abx402450

CUB domain-containing protein 1 (CDCP1) Antibody is a Recombinant Human Monoclonal antibody for the detection of Human, Mouse, Macaca fascicularis CDCP1.

|                               |                                                                        |
|-------------------------------|------------------------------------------------------------------------|
| <b>Target:</b>                | CUB domain-containing protein 1 (CDCP1)                                |
| <b>Clonality:</b>             | Monoclonal                                                             |
| <b>Reactivity:</b>            | Human, Mouse, Monkey                                                   |
| <b>Expression:</b>            | Recombinant                                                            |
| <b>Tested Applications:</b>   | ELISA                                                                  |
| <b>Host:</b>                  | Human                                                                  |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                           |
| <b>Immunogen:</b>             | Recombinant Human CDCP1 protein                                        |
| <b>Isotype:</b>               | IgG <sub>1</sub>                                                       |
| <b>Form:</b>                  | Liquid                                                                 |
| <b>Purification:</b>          | Purified by affinity chromatography.                                   |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.         |
| <b>UniProt Primary AC:</b>    | Q9H5V8 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )            |
