

## Nuclear pore complex protein Nup153 (NUP153) Antibody

Catalogue No.: abx402586

Nuclear pore complex protein Nup153 (NUP153) Antibody is a Recombinant Rabbit Monoclonal antibody for the detection of Human NUP153.

|                               |                                                                                                                 |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Nuclear pore complex protein Nup153 (NUP153)                                                                    |
| <b>Clonality:</b>             | Monoclonal                                                                                                      |
| <b>Reactivity:</b>            | Human                                                                                                           |
| <b>Expression:</b>            | Recombinant                                                                                                     |
| <b>Tested Applications:</b>   | ELISA, IHC, IF/ICC                                                                                              |
| <b>Host:</b>                  | Rabbit                                                                                                          |
| <b>Recommended dilutions:</b> | IHC: 1/50 - 1/200, IF/ICC: 1/20 - 1/200. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                    |
| <b>Immunogen:</b>             | A synthesized peptide derived from human Nup153                                                                 |
| <b>Isotype:</b>               | IgG                                                                                                             |
| <b>Form:</b>                  | Liquid                                                                                                          |
| <b>Purification:</b>          | Purified by affinity chromatography.                                                                            |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                  |
