

## Alpha Synuclein (SNCA) Antibody

Catalogue No.: abx455279

Alpha Synuclein (SNCA) Antibody is a Rabbit polyclonal antibody for the detection of Human Alpha Synuclein (SNCA).

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Alpha Synuclein (SNCA)                                                                                                                     |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Human                                                                                                                                      |
| <b>Tested Applications:</b>   | ELISA, WB, IHC                                                                                                                             |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                               |
| <b>Immunogen:</b>             | Recombinant Alpha Synuclein (Met1-Ala140) expressed in E. coli.                                                                            |
| <b>Isotype:</b>               | IgG                                                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Storage:</b>               | Store at 2-8 °C for up to 2 weeks. For long-term storage, aliquot and store at -80 °C. Avoid repeated freeze/thaw cycles.                  |
