

Interleukin-6 (IL6) Antibody

Catalogue No.:abx100951

Western blot analysis of the recombinant protein.

IHC-P analysis of Rat Tissue, with DAB staining.

Polyclonal Antibody to Interleukin-6 (IL6).

|                        |                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Target:                | Interleukin-6 (IL6)                                                                                                           |
| Research Area:         | Immunology, Tumour Immunity, Infection Immunity, Cardiovascular Biology                                                       |
| Clonality:             | Polyclonal                                                                                                                    |
| Reactivity:            | Rat                                                                                                                           |
| Tested Applications:   | WB, IHC, IF/ICC                                                                                                               |
| Host:                  | Rabbit                                                                                                                        |
| Recommended dilutions: | WB: 0.01-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| Conjugation:           | Unconjugated                                                                                                                  |
| Immunogen:             | IL6 (Thr21-Thr211)                                                                                                            |
| Form:                  | Liquid                                                                                                                        |
| Purification:          | Purified by antigen-specific affinity chromatography, followed by Protein A affinity chromatography.                          |

# Datasheet

Version: 4.0.0  
Revision date: 13 Oct 2025

**Storage:** Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.

**UniProt Primary AC:** P20607 ([UniProt](#), [ExPASy](#))

**Gene Symbol:** IL6

**KEGG:** rno:24498

**String:** [10116.ENSARNOP00000013732](#)

**Buffer:** 0.01 M PBS, pH 7.4, containing 0.05% Proclin-300, 50% glycerol.

**Concentration:** 0.91 mg/ml

**Note:** THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION.

For Reference Only
