

## Lymphocyte Function Associated Antigen 3 / LFA-3 (CD58) Antibody

Catalogue No.: abx132538

Lymphocyte Function Associated Antigen 3 / LFA-3 (CD58) Antibody is a Mouse Monoclonal antibody for the detection of Lymphocyte Function Associated Antigen 3 / LFA-3 (CD58).

|                               |                                                                                         |
|-------------------------------|-----------------------------------------------------------------------------------------|
| <b>Target:</b>                | Lymphocyte Function Associated Antigen 3 / LFA-3 (CD58)                                 |
| <b>Research Area:</b>         | Cellular Differentiation and Adhesion, Tumor Immunity, Infection Immunity, Immunology   |
| <b>Clonality:</b>             | Monoclonal                                                                              |
| <b>Clone:</b>                 | C967                                                                                    |
| <b>Reactivity:</b>            | Human                                                                                   |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                         |
| <b>Host:</b>                  | Mouse                                                                                   |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                  |
| <b>Conjugation:</b>           | Unconjugated                                                                            |
| <b>Isotype:</b>               | IgG                                                                                     |
| <b>Form:</b>                  | Liquid                                                                                  |
| <b>Purification:</b>          | Antigen-specific affinity chromatography followed by Protein A affinity chromatography. |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                          |
| <b>UniProt Primary AC:</b>    | P19256 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                             |
| <b>Gene Symbol:</b>           | CD58                                                                                    |
| <b>KEGG:</b>                  | hsa:965                                                                                 |
| <b>String:</b>                | <a href="#">9606.ENSP00000358501</a>                                                    |
| <b>Buffer:</b>                | PBS, pH 7.4, containing 0.02% NaN <sub>3</sub> , 50% glycerol.                          |
| <b>Concentration:</b>         | 1 mg/ml                                                                                 |
