

## Integrin Alpha 5 (ITGa5) Antibody

Catalogue No.: abx404742

Rat Integrin Alpha 5 (ITGa5) Antibody is a Rabbit polyclonal against Integrin Alpha 5 (ITGa5).

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Integrin Alpha 5 (ITGa5)                                                                                                                   |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Rat                                                                                                                                        |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                                                                            |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                               |
| <b>Immunogen:</b>             | Rat ITGa5 expressed in E.coli.                                                                                                             |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purification:</b>          | Purified by antigen-specific affinity chromatography, followed by Protein A affinity chromatography.                                       |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                             |
| <b>UniProt Primary AC:</b>    | A0A0G2K1E2 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                            |
| <b>Gene Symbol:</b>           | ITGA5                                                                                                                                      |
| <b>Buffer:</b>                | 0.01M PBS, pH 7.4, containing 0.05% Proclin-300, 50% glycerol.                                                                             |
| <b>Specificity:</b>           | Cross-reacts with Human, Mouse ITGa5.                                                                                                      |
| <b>Concentration:</b>         | 1 mg/ml                                                                                                                                    |
| <b>Note:</b>                  | THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION. |
