

## Transforming Growth Factor Beta 1 (TGFb1) Antibody

Catalogue No.: abx103671

Western blot analysis of the recombinant protein.

Polyclonal Antibody to Transforming Growth Factor Beta 1 (TGFb1).

|                               |                                                                                                                               |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Transforming Growth Factor Beta 1 (TGFb1)                                                                                     |
| <b>Clonality:</b>             | Polyclonal                                                                                                                    |
| <b>Reactivity:</b>            | Pig                                                                                                                           |
| <b>Tested Applications:</b>   | WB, IHC, IF/ICC                                                                                                               |
| <b>Host:</b>                  | Rabbit                                                                                                                        |
| <b>Recommended dilutions:</b> | WB: 0.01-2 µg/ml, IHC: 5-20 µg/ml, IF/ICC: 5-20 µg/ml. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                                                  |
| <b>Immunogen:</b>             | TGFb1 (Ala279-Ser390)                                                                                                         |
| <b>Form:</b>                  | Liquid                                                                                                                        |
| <b>Purification:</b>          | Purified by antigen-specific affinity chromatography, followed by Protein A affinity chromatography.                          |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                                                                |
| <b>UniProt Primary AC:</b>    | P07200 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                   |
| <b>KEGG:</b>                  | ssc:397078                                                                                                                    |
| <b>String:</b>                | <a href="#">9823.ENSSSCP00000003267</a>                                                                                       |
| <b>Buffer:</b>                | 0.01 M PBS, pH 7.4, containing 0.05% Proclin-300, 50% glycerol.                                                               |
