

## T Cell Receptor Alpha Chain Constant (TRAC) Antibody (Biotin)

Catalogue No.: abx105962

T Cell Receptor Alpha Chain Constant (TRAC) Antibody (Biotin) is a Rabbit Polyclonal antibody conjugated to Biotin against T Cell Receptor Alpha Chain Constant (TRAC).

|                               |                                                                                                                                            |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Target:</b>                | T Cell Receptor Alpha Chain Constant (TRAC)                                                                                                |
| <b>Clonality:</b>             | Polyclonal                                                                                                                                 |
| <b>Reactivity:</b>            | Human                                                                                                                                      |
| <b>Tested Applications:</b>   | ELISA                                                                                                                                      |
| <b>Host:</b>                  | Rabbit                                                                                                                                     |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                                                                     |
| <b>Conjugation:</b>           | Biotin                                                                                                                                     |
| <b>Immunogen:</b>             | Recombinant human T-cell receptor alpha constant protein (1-140AA).                                                                        |
| <b>Isotype:</b>               | IgG                                                                                                                                        |
| <b>Form:</b>                  | Liquid                                                                                                                                     |
| <b>Purity:</b>                | > 95%                                                                                                                                      |
| <b>Purification:</b>          | Purified by Protein G.                                                                                                                     |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid exposure to light. Avoid repeated freeze/thaw cycles.                                                    |
| <b>UniProt Primary AC:</b>    | P01848 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                                                                                |
| <b>Gene Symbol:</b>           | TRAC                                                                                                                                       |
| <b>Buffer:</b>                | 0.01 M PBS, pH 7.4, 0.03% Proclin-300 and 50% Glycerol.                                                                                    |
| <b>Concentration:</b>         | 0.25 mg/ml                                                                                                                                 |
| <b>Note:</b>                  | THIS PRODUCT IS FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC, THERAPEUTIC OR COSMETIC PROCEDURES. NOT FOR HUMAN OR ANIMAL CONSUMPTION. |
