

## Urokinase Plasminogen Activator Surface Receptor / uPAR / CD87 (PLAUR) Antibody (Biotin)

Catalogue No.: abx106404

Urokinase plasminogen activator surface receptor Antibody (Biotin) is a Rabbit Polyclonal antibody against Urokinase plasminogen activator surface receptor conjugated to Biotin.

|                               |                                                                                         |
|-------------------------------|-----------------------------------------------------------------------------------------|
| <b>Target:</b>                | Urokinase Plasminogen Activator Surface Receptor / uPAR / CD87 (PLAUR)                  |
| <b>Clonality:</b>             | Polyclonal                                                                              |
| <b>Reactivity:</b>            | Rat                                                                                     |
| <b>Tested Applications:</b>   | ELISA                                                                                   |
| <b>Host:</b>                  | Rabbit                                                                                  |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.                  |
| <b>Conjugation:</b>           | Biotin                                                                                  |
| <b>Immunogen:</b>             | Recombinant rat Urokinase plasminogen activator surface receptor protein (25-299AA).    |
| <b>Isotype:</b>               | IgG                                                                                     |
| <b>Form:</b>                  | Liquid                                                                                  |
| <b>Purity:</b>                | > 95%                                                                                   |
| <b>Purification:</b>          | Purified by Protein G.                                                                  |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid exposure to light. Avoid repeated freeze/thaw cycles. |
| <b>UniProt Primary AC:</b>    | P29598 ( <a href="#">UniProt</a> , <a href="#">ExPASy</a> )                             |
| <b>Gene Symbol:</b>           | PLAU                                                                                    |
| <b>String:</b>                | <a href="#">10116.ENSRNOP00000014273</a>                                                |
| <b>Buffer:</b>                | 0.01 M PBS, pH 7.4, 0.03% Proclin-300 and 50% Glycerol.                                 |
