

**Proteasome subunit beta type-2 Antibody (FITC)**

Catalogue No.:abx107229

Fluorescence emission spectra of FITC.

Proteasome subunit beta type-2 Antibody (FITC) is a Rabbit Polyclonal antibody against Proteasome subunit beta type-2 conjugated to FITC.

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Target:                | Proteasome subunit beta type-2                                                          |
| Clonality:             | Polyclonal                                                                              |
| Reactivity:            | Human                                                                                   |
| Host:                  | Rabbit                                                                                  |
| Recommended dilutions: | Optimal dilutions/concentrations should be determined by the end user.                  |
| Conjugation:           | FITC                                                                                    |
| Excitation/Emission:   | 499/515                                                                                 |
| Laser Line:            | 488                                                                                     |
| Immunogen:             | Recombinant human Proteasome subunit beta type-2 protein (1-201AA).                     |
| Isotype:               | IgG                                                                                     |
| Form:                  | Liquid                                                                                  |
| Purity:                | > 95%                                                                                   |
| Purification:          | Purified by Protein G.                                                                  |
| Storage:               | Aliquot and store at -20°C. Avoid exposure to light. Avoid repeated freeze/thaw cycles. |
