

## Transcriptional Enhancer Factor TEF-5 (TEAD3) Antibody

Catalogue No.: abx110280

Transcriptional enhancer factor TEF-5 Antibody is a Rabbit Polyclonal antibody against Transcriptional enhancer factor TEF-5.

|                               |                                                                                             |
|-------------------------------|---------------------------------------------------------------------------------------------|
| <b>Target:</b>                | Transcriptional Enhancer Factor TEF-5 (TEAD3)                                               |
| <b>Clonality:</b>             | Polyclonal                                                                                  |
| <b>Reactivity:</b>            | Human                                                                                       |
| <b>Tested Applications:</b>   | ELISA, IHC                                                                                  |
| <b>Host:</b>                  | Rabbit                                                                                      |
| <b>Recommended dilutions:</b> | IHC: 1/500 - 1/1000. Optimal dilutions/concentrations should be determined by the end user. |
| <b>Conjugation:</b>           | Unconjugated                                                                                |
| <b>Immunogen:</b>             | Recombinant human Transcriptional enhancer factor TEF-5 protein (112-435AA).                |
| <b>Isotype:</b>               | IgG                                                                                         |
| <b>Form:</b>                  | Liquid                                                                                      |
| <b>Purity:</b>                | > 95%                                                                                       |
| <b>Purification:</b>          | Purified by Protein G.                                                                      |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.                              |
