

## Myosin Binding Protein C, Cardiac (MYBPC3) Antibody

Catalogue No.: abx110459

Myosin-binding protein C, cardiac-type Antibody is a Rabbit Polyclonal antibody against Myosin-binding protein C, cardiac-type.

|                               |                                                                              |
|-------------------------------|------------------------------------------------------------------------------|
| <b>Target:</b>                | Myosin Binding Protein C, Cardiac (MYBPC3)                                   |
| <b>Clonality:</b>             | Polyclonal                                                                   |
| <b>Reactivity:</b>            | Rat                                                                          |
| <b>Tested Applications:</b>   | ELISA                                                                        |
| <b>Host:</b>                  | Rabbit                                                                       |
| <b>Recommended dilutions:</b> | Optimal dilutions/concentrations should be determined by the end user.       |
| <b>Conjugation:</b>           | Unconjugated                                                                 |
| <b>Immunogen:</b>             | Recombinant -rat Myosin-binding protein C, cardiac-type protein (645-864AA). |
| <b>Isotype:</b>               | IgG                                                                          |
| <b>Form:</b>                  | Liquid                                                                       |
| <b>Purity:</b>                | > 95%                                                                        |
| <b>Purification:</b>          | Purified by Protein G.                                                       |
| <b>Storage:</b>               | Aliquot and store at -20°C. Avoid repeated freeze/thaw cycles.               |
