

Transforming Protein RhoA (RHOA) Antibody

Catalogue No.: abx011472

Western blot analysis of RhoA expression in HeLa whole cell lysates, The lane on the left is treated with the antigen-specific peptide.

RhoA Antibody detects endogenous levels of total RhoA. RhoA is a small G protein of the Rho family. Regulates a signal transduction pathway linking plasma membrane receptors to the assembly of focal adhesions and actin stress fibers.
